**PRICE PROPOSAL AND COMPLIANCE FORM**

**Cloud Based Web Application Firewall**

**Technical Specifications**

1. The project calls for the supply and delivery of four (4) Cloud-based Web Application Firewall (WAF) Incapsula licenses. The said solution will enable CIC to *improve security of its public-facing web applications*.
2. The scope of the project is not limited to the supply of the WAF alone, since it involves other services for the integration with the Credit Information System.
3. The following components and/or specifications are mandatory requirements and should be delivered as part of the project.
4. The following Technical Specifications applies to the WAF solution except where otherwise stated.
5. Bidders must state either “Comply” or “Not Comply” against each of the individual parameters of each Specification stating the corresponding performance parameter of the equipment offered. **Statements of “Comply” or “Not Comply” must be supported by evidence, proof of compliance and/or clearly explained by way of example in a Bidders Bid and cross-referenced to that evidence.** A statement that is not supported by evidence or is subsequently found to be contradicted by the evidence presented will render the Bid rejected. A statement either in the Bidders statement of compliance or the supporting evidence that is found to be false may be regarded as fraudulent and render the Bidder or Supplier legally liable.

*NOTE: It is important and absolutely required that absence of any component, hardware, software, peripherals, accessories or services, that may be needed to deliver the final output shall be the sole responsibility of the bidder, and therefore, should NOT compel the Procuring Entity to buy them to complete the project.*

Item	Technical Specification	Statement of Compliance “Comply” / “Not Comply” for each specification
A.	<b>Four Cloud-based Web Application Firewall (WAF) &amp; Fifty (50) Login Protect Incapsula licenses with the following specifications:</b>	
	1. A cloud based Web Application Firewall (WAF) service that offers powerful way to protect critical web applications and optimize website performance.	
	2. The solution must leverage accurate rule-sets to protect websites against known and emerging cyber threats, such as SQL injection, cross-site scripting (XSS), illegal resource access, comment spam, site scraping, malicious bots, and other OWASP top ten vulnerabilities.	

Item	Technical Specification	Statement of Compliance "Comply" / "Not Comply" for each specification
	3. DDOS attack mitigation and defense for all types of DDoS attacks.	
	4. Content Delivery Network function to improve website responsiveness, lower web server utilization, and reduces bandwidth consumption. The solution should automatically cache and serve website content from distributed data-centers, to eliminate bottlenecks at central servers and ensure that website visitor is receiving content from the datacenter with closest proximity to their geographical location.	
	5. Provides automated PCI reporting without impacting web development processes and does not require in-house PCI expertise or involved PCI consulting projects	
	6. Cloud-based Deployment	
	7. Protect log-in pages of publicly available web applications with strong two-factor authentication without integration, coding or software changes. End-user should be able to manage and control multiple logins across several websites in a centralized manner.	
	8. Two-factor authentication is supported using either E-Mail, SMS, or Google Authenticator.	
<b>B.</b>	<b>One (1) Year Maintenance Support</b>	
	1. 8 X 5 on-line/on-site technical support	
	2. Response time within two (2) hours from receipt of notice	
	3. Fine tune, correct, and/or enhance as may be needed to address business requirements	
	4. Correct/fix any system problems identified within the agreed service level	
	5. Monitor performance for efficiency	
<b>C.</b>	<b>Knowledge transfer (Basic/advanced to cover configuration, and administration)</b>	
	1. Two (2) hours of training/walk-through for the participants	
	2. Two (2) participants	
<b>Implementation / Delivery Period:</b>	THIRTY (30) Calendar Days from receipt of Contract / Purchase Order	
<b>Installation / Delivery Site:</b>	6F Exchange Corner Building, V.A. Rufino St. cor. Esteban St., Legaspi Village, Makati City	
<b>Brand:</b>	<i>Please Specify BRAND</i>	
<b>Unit Price:</b>	₱ _____	
<b>Total Price:</b>	₱ _____	

### TERMS AND CONDITIONS

1. All entries shall be typed or written in a clear legible manner.
2. Bidder shall offer one (1) bid only. Alternative bids shall be rejected.
3. Price Validity: All prices quoted herein are valid, binding and effective for a period of THIRTY (30) calendar days upon issuance of this document.
4. As a general rule, price quotations to be denominated in Philippine Peso shall include all taxes, duties and/or levies payable.
5. The CIC Technical Working Group may require you to submit documents that will prove your legal, financial and technical capability to undertake this contract.

We undertake, if our proposal is accepted, to deliver the goods in accordance with the foregoing delivery period.

We agree to abide by this proposal for the price validity period specified in the terms and conditions and it shall remain binding upon us and may be accepted at any time before the expiration of that period.

Until a Purchase Order is prepared and executed, this Proposal shall be binding upon us. We understand that you are not bound to accept the lowest or any Proposal you may receive.
